BrainConnects 2018
The Science of Learning in the Aging Brain
Nanyang Technological University
22 June 2018 (Friday), 9am - 6pm

Supported by:
Centre for Research and Development in Learning (CRADLE)
Centre for Liberal Arts and Social Sciences
National Center for Geriatrics and Gerontology
UTP

In conjunction with:
CRADLE CONNECTS

BrainConnects is dedicated to the promotion of aging neuroscience and informatics to neurotechnologies in the Asia Pacific region.

Our annual meetings aim to develop and share methods and technologies for delaying and modulating cognitive and physical decline in aging, or pathophysiologic changes in older adults.

We welcome the participation of international researchers and students. Please visit our website to find out more about abstract submission and event registration.
